Dear Exhibitor,

It is with great pleasure that we extend a warm welcome to you for ELASIA 2026 Exhibition. Organized by Triune Exhibitors Pvt Ltd in association with the Electrical Consultants Association of India (ELCA) and the Control Panel & Switchgears Manufacturers Association of India (COSMA), ELASIA 2026 is scheduled to take place from May 14th to 17th, 2026, at the Bangalore International Exhibition Center (BIEC), Bangalore, India.

We have dedicated ourselves to continuous improvement through innovation and the implementation of new ideas, ensuring that we remain at the forefront of industry excellence and consistently exceed your expectations.

To help you prepare for the exhibition effectively, we have provided the Exhibitor Manual. Please note that Form number 1, 2,3 & 4 for Exhibitors Guide, Stall Fascia (Shell Scheme) & Exhibitor Badges are mandatory and must be completed and submitted to us by 20th March, 2026.

If you require additional services such as furniture, power supply, compressed air, water connections, housekeeping, hostess services, or security, please confirm your requirements using the ELASIA FORMS ANNEXURE and filling out the relevant forms by April 10th 2026.

Orders for additional requirements placed after **April 10th, 2026**, will incur an extra 20% charge on the applicable rates.

We also urge you to carefully review the manual which provides valuable tips and guidelines for exhibitors. This information is crucial, and we recommend that you familiarize yourself with it.

Please ensure that all outstanding dues are settled by **20th April, 2026**.

Exhibitor passes and vehicle passes will be issued at The Organizer's Office, located at the Venue, from **11/05/2026 to 13/05/2025**, between 10:00 am and 6:00 pm.

Details and contact information of the following essential service providers is given in the Manual for your perusal. You may contact them directly for your specific requirements.

- 1. Official C & F Agents**
- 2. Hospitality Partner, who can assist with hotel accommodations in various categories.**
- 3. Official Interior Decorators. For any interior / stall design and construction.**
- 4. Official Architect for the approval of stall designs and other constructions.**

For any commercial inquiries, please do not hesitate to reach out to our office **+91 8046000603/6**. Thank you for your attention to these important details. We are excited to welcome you to ELASIA 2026 and look forward to a successful and productive exhibition.

Very truly yours:

For TRIUNE EXHIBITORS PVT. LTD.,

Cyril Pereira

RULES & REGULATIONS

Exhibits

The products manufactured by the exhibitor and related to Electrical & Power Industry will only be allowed for display during Elasia 2026 exhibition.

Participation & Subletting

There is no legal right of participation accruing to anybody. The Triune Secretariat reserves the exclusive right to deny participation to any applicant, without the obligation to provide a reason.

Subletting or transferring of stall space to a third party is forbidden. Exhibitor will not be allowed to display products which are not mentioned in the Form submitted to Triune Secretariat. Prior permission is to be obtained from Triune Secretariat for any alterations in the exhibits list.

Payment

All payments should be remitted through Online, Account Payee Cheque or Demand Draft drawn in favour of Triune Exhibitors Pvt Ltd. Bank Commission/Charges etc., if any, to participant's account.

Full & Final payment should be made on or before 30th March 2026.

Participants will not be permitted to bring exhibits onto the exhibition grounds if there are any outstanding dues to the Triune Secretariat, including unpaid Space Rentals, Value Added Services or any other charges.

****Security deposit amount is refundable within 90 days of event conclusion**

Cancellation

In case of cancellation of participation by any of the participant at any stage, refund will be made by Triune Secretariat as per the Terms & Conditions mentioned in the Application Form.

Triune Secretariat is not liable for any kind of refund in case of postponement or cancellation of the Exhibition by Triune Secretariat due to force majeure and reasons beyond its control.

In the event of such postponement or cancellation of ELASIA 2026, Triune Secretariat shall not be liable for any losses or damages consequential or otherwise arising out of such postponement or cancellation to the participants.

Stall Allocation

Based on first-come-first served, allocation of the stall will be made by Triune Secretariat. The details of stall/space allotted will be communicated to the participant.

Triune Secretariat reserves the right to re-allocate the space allotted to the participant at any time, prior to the commencement of the Exhibition, should exceptional circumstances warrant such change to the location, size and dimensions of the stall. Triune Secretariat further reserves the right to shift or close entrances and exits of the stall or remove any of the proposed amenities and undertake any structural alterations. Such re-allocations will be at the sole discretion of Triune Secretariat and the exhibitor shall have no claim for compensation as a result of the re-allocation as above.

Use of Stall Space

The exhibitor is required to exhibit the goods/services and to man the stall with competent personnel during the Exhibition hours.

The exhibitor will be liable for any damage to walls and floors etc., of the structures in which the exhibits are housed.

Except for basic Light Fittings, Fascia, Carpet, 2 Chairs, 1 Table, 3 Spot Lights, an Electric Socket outlet and 1 Dustbin provided in stall under Shell Space Scheme (per 9 Sq. Mtrs. and on pro-rata basis) by Triune Secretariat, all other decorations, furnishings, fittings, display, lightings etc., will have to be carried out by the exhibitor at his cost.

Load Calculation

The load calculation should be based on the total connecting load of the machines to be displayed at the stall. Any exhibitor exceeding the requested power allocation will incur charges at double the standard rate.

Shell Stalls will be provided with general lighting. Therefore, participants booking Shell Stalls should only specify the power load required for operating machines, if applicable.

The participant booking Bare Space should also include additional power required for stall Lighting (General lighting) while applying for Power for Machinery.

Prohibitions on Power Supply

The exhibitor is prohibited from:

- a) Drawing electric power in excess of the Connected Load without the approval of Triune Secretariat.

-
- b) Re-selling electricity to a third party.
 - c) Utilizing electricity by making alterations, modifications etc., to electrical equipment.
 - d) The exhibitor shall get his electrical installations inspected and certified conforming to the relevant Acts, Rules and Specifications of the Indian Electricity Act/ Rules by the venue's electrical engineer at site.

Triune Secretariat reserves the right to discontinue the Power Supply to an exhibitor in the event of infringement of the prescribed rules and regulations.

Triune Secretariat shall not be held responsible for any damage or loss sustained by the exhibitor due to suspension, limitation or discontinuance of Power Supply service in case of natural disasters, failure of bulk Power Supply to the exhibition, suspension of Power Supply for safety reasons or due to any other causes beyond the control of Triune Secretariat or for disconnecting of Power Supply to any exhibitor for infringement of the above regulations.

The exhibitor shall be solely responsible for any claim for damages or loss arising out of faulty wiring in his stand, infringement of the regulations, any injury to third person or visitor, damage to property of the neighbouring exhibitor or the assets of Triune Secretariat. The exhibitor shall make good any such loss to Triune Secretariat and to the affected party.

Note: The generation, distribution and use of electricity in the Union of India are regulated by the Indian Electricity Act, 1956 as amended from time to time. The provisions of the above Act/ Rules, shall apply to all the exhibitors.

Stand Construction, Decoration & Display Guidelines for stand construction, decoration & display

Approval of stand Layout Design (Bare space)

Exhibitor in Bare Space must submit the stall designs along with the listed images to **Blue lemon Events Safety Training India Pvt Ltd**

1. Floor plan Grid View
2. Elevation in 3D view (three-dimensional view) showing the position of machines/exhibits, fittings, furniture and office cubicles etc., along with their dimensions in Meters,
3. Electrical line diagram for power distribution within the booth

These have to be submitted latest by 31st March, 2026. The contact details for Blue lemon Events Safety Training India is provided on **Page No 5** above.

***Exhibitors who have booked space below 36 sqm (Shell-Modified) who would want to build their booth too should compulsorily inform the organizer and submit their plan to the official Interior architect.*

All stand designs will have to be pre-approved by the Show Architect **BEST (Blue lemon Events safety Training India Pvt Ltd)** by the stipulated deadlines (last date of submission of final design with complete dimensional details is 31st March, 2026) with all pages/elements without which exhibitors should not start fabrication of stalls/ pre-fab structures. Organizers will not be responsible for any losses due to strict adherence of guidelines on unauthorized construction

The names of empaneled agencies for stall construction are listed on **Page No 10** in this exhibitor manual.

Exhibitors must issue a letter of authorization to their representative or their respective Stand Contractors to take stand possession, as per the format given on **Page No 28** in this exhibitor manual and start the work from **11th of May 2026**.

Stands must be completed in all respect by **8:00pm on 13th May 2026**. Thereafter no work will be permitted to be carried out in the Halls due to cleaning & security purpose.

It is proposed to hold the Inaugural Function on **14th May 2026 at 11:00am**. The exhibitor should therefore, ensure that the stall is completed in all respects by the deadline date and time.

The security deposit of the exhibitor will be forfeited if the stall design doesn't comply or abide by the construction guidelines enlisted in the manual.

The organizers reserve the right to deduct an appropriate amount from the exhibitor's security deposit to cover any damages caused to the venue or its structures by the exhibitor or their staff (including design and handling agencies) during the build-up, exhibition days or dismantling period. This deduction ensures compliance with all rules and regulations and addresses any damage resulting directly or indirectly from non-compliance. Should the damages exceed the deposit amount, the organizers may seek additional compensation from the exhibitor. Any remaining balance of the deposit will be refunded if no damage is found.

To achieve uniformity in display and appearance of the entire exhibition and to ensure proper presentation of all exhibits, Exhibitors are advised to strictly follow the guidelines for stand construction, decoration & display specified as mentioned below:

Note: It is highly desirable on the part of the exhibitor to plan arrival of exhibit-cases well in advance at the venue, immediately on commencement of the entry period, as per the Schedule of events given on **Page No 2**. The exhibitor is also advised to discuss and plan their schedules of bringing in exhibits with

the approved Freight Forwarders and On-site Material Handling Agents to ensure trouble free handling of exhibits.

Standard Operating Procedures for Stall Construction

- Stand Plans for Branding: Kindly note all walls adjoining another stand cannot exceed more than 5m there needs to be a 1 m distance maintained from the perimeter stand walls to exceed your total stand height for Branding (**Only Logo is allowed up to a Maximum of 6m**).

Stand Design showing requirements for common walling.

All walls that adjoin another stand must meet the required criteria.

- Ensure all the design elements / structure must remain inside the boundaries of the space allotted. Peripheral booths are restricted to take support from venue infrastructure. Booth's structure must be self-standing.
- If you have a wooded platform, it is mandatory to include a 1 mtr wheelchair ramp. The access slope needs to be featured with hazard tape & safety corners/ edge protectors needs to be incorporated.
- For booths with 2 or 3 open sides or island booths, there shall be no partitions on the open sides. The inside partitions shall also be such that they do not obstruct the view or aesthetics of adjoining booth(s). In case these are found to be obstructive, such partitions shall have to be changed with clear glass / acrylic above a height of 1.2mts. Alternatively, 50% of the length should be kept open to ensure visibility of the adjoining booths.
- Ensure all the design elements / structure must remain inside the boundaries of the space allotted. The focus lights used for branding and the fascia should not extend more than 6 inches towards the aisle area.
- In a constructed stall "**Booth number**" provided must be displayed in accordance with the guideline. **Location - Front fascia or any front stand element, preferably at a viewable point. (Size of the stall no)**
- Booths with mezzanine floor are termed as complex structures. Exhibitors need to submit structure stability certificate endorsed by certified structural engineer along with technical drawing for approval. (**The same can be obtained from M/s BlueLemon Safety & Training**)
- Double-decker booths are allowed above 100 sqm with a maximum of 40% of the ground area as mezzanine area. 50% of the space rental will be charged from the exhibitor for mezzanine area.
- Double-decker booths must have notice for mezzanine floor capacity, handrails for stairs should be 1.2 mtrs & warning sign for glass baluster.

10. The Height of the mezzanine floor (First floor) should not be more than 2.5 mtr ,

Mezzanine stands /Double Decker stands.

1. Arrangement of Base Plate (Sizes).
2. General Arrangement of Members (Sections)
3. Elevation of Stand (With member arrangement)
4. Typical connection details
5. Staircase Arrangement
6. Staircase Connection details
7. Type of the flooring used in mezzanine floors. (Thickness of the wooden flooring)
8. STAAD Model.
9. Railing details of mezzanine floor.
10. Structural Stability Certificate from government approved Engineer.

Here are a few guidelines to follow for a mezzanine stand:

- **Staircase Dimensions:** Ensure that the riser and tread dimensions of the staircase meet the minimum requirements of 250mm for the tread and 150mm for the riser.
 - **Staircase Railing:** It's important to provide a railing on both sides of the staircase about 1.5m height for safety reasons.
 - For any mezzanine construction, **50% of the stall rental** will be levied on the mezzanine area as per the approved layout.
11. Use non-combustible, inherently non-flammable material for construction of booth. Textile fabrics & artificial flowers (plastic) used for display purposes on the booth must be fire-resistant (certificate mandatory).
 12. Grinding / sanding is prohibited inside the hall.
 13. Use water-based material, where applicable i.e., adhesives, paints etc.
 14. Use of flammable substances such as fuel & pressurized gases are prohibited inside the hall.
 15. Hot work i.e., welding is prohibited inside the hall.
 16. Any type of rigging from the hall ceiling is restricted.
 17. Wood cutting without dust bag is prohibited inside the hall.
 18. Electrical distribution box provided by the organizer is to be fixed at the corner of the booth properly.
 19. It is mandatory to use **copper wire** for power distribution inside the booth.
 20. Use RCD wiring (Residual Current Devices) to protect against electric shock and PPE (Personal Protective Equipment) to protect against major injuries.
 21. It is mandatory to keep fire extinguisher at booth space above 80 sqm & above.
 22. It is mandatory to design the exhibitor booth by taking all the health & safety measures into consideration i.e., modular booth is recommended, keeping minimum no. of staff, reduce the booth elements.
 23. It is mandatory to wear appropriate footwear (shoes) during the setup & dismantling of the show.
 24. Use of harness while working at height is mandatory along with appropriate ladder / platform. Helmet to be worn by team working underneath.
 25. Wearing mask, gloves (wherever required), face shields, use of alcohol-based hand sanitizer & maintaining social distancing is mandatory.

26. All height details mentioned in these guidelines are from the ground level and not from any raised flooring created by the exhibitors.
27. The maximum height of the artificial floor should not exceed 10cm/4” and any other area raised artificially or for display purposes in the hall be such that it does not obstruct the adjoining stand.
28. Access must be given to, Emergency exit, Fire exit, Electrical box, Fire Hydrants, Service entry, Service room, Elevators, air conditioning vents / ducts etc. falling within the exhibitor’s stand area. It is mandatory to leave openings in the partitions against the natural wall to provide access for electrical fittings etc. In case the existing pillars inside the Halls are used for branding or/and as an integral part of the stand design, provision must be left to access the fire/ electrical panel, which may be there in this pillar for any emergencies/ electrical repairs, if any. Also, though the floor layout plan has been mapped thoroughly we will still request and strongly recommend you to please make and keep provision of 30cm variation on the exact location of pillar onsite to be on a safer side.
29. Building of turntables / ramps would be permitted after clearance from the Show Architect. If approved the Height of such a turntable /ramp must not exceed 1.0mtr. Exhibitors wishing to use turntable /ramps must clearly show the location in their drawings and obtain written clearance from the Show Architect failing which they would not be permitted to construct such turn tables /ramps.
30. Exhibitors may be permitted to construct a Conference / Meeting Room within their area alongside the natural wall, if any, upto 5.0mtrs. height. The area of the meeting room may be upto 20% of the total area booked by the exhibitor. The location of the Conference/ Meeting room would require specific clearance by the Show Architect BEST (Blue lemon Events safety Training India Pvt Ltd). However, for stands with all sides open, the conference room shall have to be placed at least 2.0 Mtr inside from the Aisle with Transparent (Glass/ Acrylic) walls without any Blinds facing the aisle. The total length of the partitions for meeting rooms shall not exceed 20% of the total length of the open sides.
31. All open or unfinished sides of the exhibit space which may appear unsightly must be covered or the Organizer will have them covered at the Exhibitor’s sole expenses @ Rs. 2000 per sqm. Any portion of the Exhibit bordering another Exhibitor’s space or an aisle must have the exhibits facing the other exhibitor or the aisle. No structure can be built within 2 mtrs. of the aisle for any purpose.
32. Exhibitors will be allowed to work inside halls round the clock during the build-up period. Stands should be complete in every respect by 2000 Hrs. on 13th May 2026.
33. Electrical wiring and installation must be done by Exhibitors through registered professional technicians using proper wiring, switches etc. to ensure safety. The Organizers shall not be responsible or liable in case of any mishap due to use of sub-standard material or unskilled labour. BEST will be undertaking an electrical inspection on the stand electrics. All cables used must be copper and double insulated. No aluminum cable is to be used.
34. To take care of voltage fluctuations, the Exhibitors are advised to fix up constant voltage transformers or insulation Transformer or stabilizers for CNC and other sensitive machines. Exhibitors are encouraged to use RCD, MCB, RCBO wherever necessary. The main supply points and electrical installations in the stand should be kept open for easy access and should not be concealed

- **DISPLAY OF EXHIBITS**

- It is mandatory for the exhibitors to highlight, if any of their exhibits conform to any of the following parameters:
- Exhibit dimension is 10 sqms or more.
- Exhibit exceeds 2.5 mtrs. in height and or 5 mtrs in length.
- Exhibit material exceeds 3 tons.
- Exhibit contains liquid fuel / natural gas / hydrogen / propane or any compressed gas or liquid.
- Exhibits requiring water/air for demonstration purposes.
- Exhibits that will produce heat and/or fumes
- Exhibits will produce waste material in quantities greater than 50 KG or 1 meter square per day.
- A maximum of 60% of Stand area may be used for exhibits and the balance 40% must be left free for circulation. The Exhibitors shall not arrange the display of material in a way that would obstruct the passage area or the adjoining stalls.
- Any presentation / demonstration / exhibit likely to attract groups of 10 or more persons must be located towards the center of the stand and clearly shown on stand drawings. The location of such an exhibit must not result in blocking of the Aisles by overflowing visitors.

- **Do's & Don'ts**

- Exhibitor is advised not to use any vacant space around their stands for storage or otherwise. This could be hazardous and could restrict the movement of service personnel. Organizer reserves the right to remove such material at the risk & cost of the Exhibitor.
- Any type of Installation of Air-conditioners inside the stand is not permitted.
- Grouting/drilling of holes in the floor or walls is prohibited.
- Spray painting is not allowed inside the Exhibition Hall.
- No suspended structures are permitted from the ceiling of the exhibition Halls.
- Use of Artificial or dried plants and flowers, Fur & artificial grass carpet which are combustible and emit toxic fumes to be avoided.
- No Welding or Grinding work is permitted inside the hall.
- No Printing will be permitted with Solvent Ink.
- No gas should be emitted during demo of plastic processing machinery.
- 2 pot filler cannot be used for painting purpose.
- Construction on dotted lines under any circumstance.
- Use of electrical flashes, flash guns etc.
- Neon signs below 2.5Mtrs height.
- Cloth Banners.
- Stage shows or presentations without prior permission in writing from the Organizer & without a concept note on the proposed show, subject to Police approval. Stage shows timings have to be pre-determined but organizers may change the timing/ stop performance for any reason.
- Cooking and distribution of food inside the halls and venue is strictly prohibited.
- Electrical power should be drawn from designated points allocated to the exhibitor only. Any exhibitor or its designated contractor found drawing power from unauthorized sources will be liable to forfeiture of security deposit
- The exhibitor is not permitted to put up any Name or Sign Board of his own outside or at the entrance of the stand. However, the exhibitor will be free to put up his company's or firm's logo, monogram or name inside the stall.

Other Services

Identification

All Exhibitors' staff should have proper Identity Cards and shall produce the same whenever demanded by the authorized security personnel or representative of Triune Secretariat at any time during the construction, exhibition or dismantling periods. Anyone found to be without proper identification or of dubious character or behaving in a drunken or disorderly manner or committing any offence, trespassing or exhibiting rude behavior, shall be forthwith removed from the Exhibition Ground.

Handling Facilities

Unloading and handling of exhibit cases at the exhibition site is to be arranged by the exhibitor himself through Triune Secretariat approved Material Handling Agents only.

Clearing & Forwarding

Triune Secretariat has appointed official Freight Forwarding & On-Site Material Handling Agents for handling local and imported exhibit consignments. Their services include assistance in carrying out formalities for the customs clearance of imported exhibits, transport and handling of exhibits at the exhibition ground, loading/unloading & storage of exhibit cases. The exhibitor is however, free to appoint any one of the official agents for such work. Kindly refer to **Page 6 & 7** for Contact details of the C&F agents.

Business Visitors Guide

A Business Visitors Guide on exhibitors and exhibits will be published in English for use by exhibitors and visitors to PLASTASIA 2025. The Guide will contain:

- Exhibition Floor Plan
- Alphabetical list of Exhibitors along with their details.
- Products on Display.

Under 'Products on Display', exhibitor should list only those products which are on display within the booth of the exhibitor.

No changes will be entertained in the details after 15th April 2026, as the Business Visitors Guide would have to be printed well in advance for distribution at the exhibition.

Exhibitor's Kit

For convenience and trouble-free participation, an Exhibitor's Kit will be provided to all the exhibitors. The Kit will contain Exhibitor badges, Stand Possession Letter, Business Visitor Guide and other information.

Removal of Waste & Cleaning

Triune Secretariat will arrange for cleaning of the Exhibition Halls and collecting waste material after the exhibition hours from the exhibitors' stalls.

Housekeeping

For House Keeping, if desired, the exhibitor can hire Housekeeper through the Triune Secretariat approved agency and at approved rate of Rs.2,000/- per person/10 hrs shift + GST@18% as applicable.

Security

BIEC will provide round-the-clock security service for the general surveillance of the Halls.

The respective exhibitor is, however, responsible for the custody and surveillance of his stall for the entire exhibition period. Exhibitor displaying easily removable objects is required to guard the stall from

[Exhibitor Manual 2026](#)

the opening time and till the very last minute of the evening closure time. Easily removable exhibits or valuables must be locked in the evening in drawers or cupboards.

For Security personnel, during setup and dismantling period of the exhibition, Security Guards will be available for hire by the exhibitor through Triune Secretariat approved agency and at Rs 2,000/- per person/10hrs shift.

Fire Prevention

BIEC has all the necessary arrangements for fire prevention equipment within the exhibition Halls. The exhibitor is expected to acquaint himself with the location of the nearest Fire Hydrants/Extinguishers.

Insurance

Triune Secretariat has done basic insurance for visitors however; the exhibitor should also make arrangements for insuring his individual stall/machines/ any other material. Third party insurance, accident insurance of exhibitor's personnel, third party damage insurance etc., should be covered by the exhibitor.

Exit Passes

The exhibitor will be issued exit passes to facilitate the movement of their exhibits out of the Exhibition Ground on 11th May 2026. Exit passes will be issued only after verification that all charges due have been fully paid by the exhibitors to Triune Secretariat. The pass should be shown at the gate at the time of exit of the exhibitor and his exhibits from the Exhibition Ground.

Moving Out Period

The Exhibition will close officially at **4:00pm** of 17th May 2026. All stands and exhibits should be dismantled and moved out of the exhibition ground positively by 06:00 am of 18th May 2026.

Exhibitor must strictly adhere to this schedule. Triune Secretariat will not be responsible for Payment of any penalty for delays in removal of the exhibits.

The removal of machines from the Exhibition Ground may start from 6:00pm on 17th May 2026 for those exhibitors who have settled all accounts and obtained the "EXIT PASS" from Triune Secretariat.

Safety Regulations

The generally accepted safety rules relating to technology, labour safety and accident prevention, should be observed in all the display arrangements. Proper safety guards must be provided on machines for protection from flying chips, sparks and heat etc. Triune Secretariat reserve the right to prohibit the operation of machines or equipment, if in their opinion, these pose danger and cause annoyance to visitors and other exhibitors.

Force Majeure

If the Exhibition is abandoned, cancelled or suspended in whole or in part by reason of war, fire, natural calamity, national emergency, labour dispute, the non-availability of exhibition premises or any other cause not within the control of the Organizer, the Organizer may at their entire discretion, repay the Participation Expenses paid by the Exhibitor or part thereof but shall be under no liability in respect of any actions, claims or losses.

Supplementary Clauses

If and when necessary, Triune Secretariat shall have the right to issue supplementary regulations in addition to these regulations and guidelines to ensure the smooth management of the Exhibition. Any additional written regulations or instructions shall form part of the rules and regulations for participation and shall be binding on the exhibitor.

Domicile and Jurisdiction

The implementation of these regulations or supplementary regulations laid down by Triune Secretariat, relating to the Exhibition, shall be deemed to be domiciled at the office of the Bangalore courts. All disputes, arising from the exhibitor's participation and from the enforcement of the regulations laid down by Triune Secretariat, shall be judged according to Indian laws and subject to Bangalore jurisdiction.

Agreement to Conform to Regulations

The exhibitor agrees to comply with all the Rules & Regulations contained herein and to such other Rules & Regulations as may be notified by Triune Secretariat from time to time, relating to the participation of exhibitor in ELASIA-2026. Applicants should read all Rules & Regulations carefully for guidance/compliance.

Indemnification

The exhibitor agrees to indemnify Triune Secretariat and hold them harmless from and against any and all claims arising out of the acts of the exhibitor, his agents, representatives and employees and all contractors, erectors, delivery persons, suppliers and material handling persons, furnishing services, delivery work or materials at the instance of the exhibitor.
